The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the [SARC](#) Web site. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### DataQuest

[DataQuest](#) is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2007-08)

This section provides information about the school's goals and programs.

Barron Park Elementary School serves approximately 350 students in 18 K-5 regular education classrooms and two Special Day Classes. Our students come from a rich variety of ethnic, cultural, and economic backgrounds in the Barron Park and Ventura communities.

**School Vision & Core Values**

We the children and adults who are part of Barron Park School, have talked and worked together to develop a common understanding of what we value and how we want our school to be. Our goal is for Barron Park to be a place where...

... *we all learn*. We want students and adults to continually gain knowledge and to learn in ways that are meaningful, challenging, and fun.

... *we respect one another*. We want to be aware of our actions and the impact of our actions. We want to show respect for each other by being kind, friendly, polite, and cooperative.

...we develop responsibility. We want to grow in the ways that we take care of ourselves, our work, our school and the people in it, and our environment. We want to develop independence as well as the ability to be a responsible member of a team.

...we feel safe. We want to know that our school is a place where each person's whole self will be cared for and protected. We want to feel that we can trust each other enough to try new things and to be ourselves.

...we feel that we belong to a community. We want to be included and accepted by the people at our school. We want to know that each of us is important. We want to feel a sense of connection and cooperation among the people at Barron Park.

These are the values we will strive for as members of the Barron Park School community.

## Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

Parents are actively involved in the school community in a variety of ways, including the school site council and the PTA. We actively support frequent, open communication between home and school. The PTA sponsors family events, parent education programs, a book fair, and noon activities for students. The PTA also edits and distributes our school newsletter, the Barron Park Buzz. School flyers and information, the newsletter, and parent education events are translated in to Spanish. Five parents are members of our school Site Council, an elected group that helps develop the school plan, yearly goals, and budget.

## IV. School Facilities

### Facility Conditions and Planned Improvements (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

**Safety, cleanliness, and adequacy of school facilities. EC Sec. 33126 (b)(9)**

Safe, orderly schools are the highest priority of the Palo Alto Unified School District. Schools maintain and enforce a policy of required registration and identification at the main office. All visitors must register and receive approval before visiting any classroom or activity during the school day. District personnel, contractors and maintenance crews are required to wear identification badges while working on any campus throughout the district.

The District has established a Preventive Maintenance Team that will visit each campus on an assigned schedule repairing and maintaining facilities in readiness conducive to teaching and learning. ***In addition, the District provides a work order system for ongoing maintenance that tracks requests, supplies and assigned time spent on any routine repair.*** A Custodial Supervisor who monitors the cleaning of all sites visits both during the day as well as the evening, providing custodians with support and emphasizing the importance of providing and maintaining a clean facility for learning.

Each school has a Safety Plan and clearly stated expectations for student behavior. Safety Plans are updated and reviewed annually. The District has a strictly enforced anti-discrimination policy that prohibits harassment of students or staff based upon race, gender, disability, religion or sexual orientation. The School Board maintains a zero tolerance policy for violent or threatening behaviors, and is committed to prevention of harmful behaviors. Students are provided with opportunities to build positive relationships to help create a more supportive school community.

The Barron Park Elementary School main campus was originally constructed in 1947. The buildings on campus have been renovated and added to over the years with a multipurpose room added in 1977. A large portion of the original wing and the administration building were lost to fire and were re-built in 1977. The latest modernization occurring in 2001 as part of the Building for Excellence Program. This modernization program included seismic and ADA accessibility improvements, as well as updating the classroom environment. New technology upgrades included computer workstations and increased electrical capacity within the classrooms. Energy upgrades included new heating systems and lighting in the classrooms. The 2001 modernization included construction of a new library building and four new classrooms.

The campus now has a new library facility as part of the Building for Excellence Program. The library facility has reading and resource areas for students, as well as new computer workstations. The library has a credentialed librarian assigned, with equipment, which provides for on line services, Internet and Intranet connections and a multimedia presentation station.

The Multipurpose room is ***twenty-nine years old***, and is slated for reconstruction in the future.

The District staff has been working with site personnel to identify additional needs at all of the campuses as input to the District's Capital Improvement Plan. This plan will detail proposed repair/replace projects over the next twenty years with a priority for health and safety issues and begin to identify funding sources.

Modernization on campus in 2001 included a new playground equipment structure and the resurfacing of hard court and play surfaces. The buildings were also re-roofed and painted in 2001 as part of the renovation.

Two 1440 square foot modular buildings were added in the summer of 2007 to accommodate growth.

As of ***August 2007*** none of the emergency facility needs specified in Education Code Section 17592.72 (1. Gas leaks; 2. Non-functioning heating, ventilation, fire sprinklers, or air-conditioning systems; 3. Electrical power failure; 4. Major sewer stoppage; 5. Major pest or vermin infestation; 6. Broken windows or exterior doors or gates that will not lock and pose a security risk; 7. Abatement of hazardous materials previously undiscovered that poses an immediate threat to pupil or staff; and 8. Structural damage creating a hazardous or uninhabitable condition) are required at this school site. ***A copy of the Interim Evaluation Instrument used to verify Education Code Section 17592.72 deficiencies is on file in the Facilities Office for review.***

The Barron Park Elementary School campus is safe, well maintained and clean, with a custodial staff assigned for 13.75 hours daily.

### Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Each year each school develops a Single Plan for Student Achievement (SPSA). This plan is available at the school site. The SPSA is developed by the School Site Council and is presented to the Board of Education for approval during a fall Board Work Session. This plan provides the budget detail on the uses of the site's categorical funds. The SPSA also describes the overall categorical funding received by the District in dollar amounts and the types of services funded. Most categorical programs are centrally funded and not within an individual school's budget. The notable exceptions are the state-funded School and Library Improvement Block Grant, which is allocated to each school on a per pupil basis, and the federally-funded Title I Assistance Program, which is provided for identified students in PAUSD's elementary schools with the highest concentrations of low income families.

The District also publishes an annual Budget Book, typically running over 400 pages, which details all District expenditures, General and Categorical, by school and by department. The 2008-09 Budget was adopted by the Board of Education on June 24, 2008. The Budget Book is available through Business Services at the District Office and on the PAUSD Website ([www.pausd.org/community/about\\_pausd](http://www.pausd.org/community/about_pausd)).

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. ## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the [API](#) Web page.

### API Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	9	9	8
Similar Schools	6	8	4

"N/A" means a number is not applicable or not available due to missing data.

"\*\*" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

"A" means the school or subgroups scored at or above the statewide performance target of 800 in 2008.

"B" 6115562

"C" means the school had significant demographic changes and will not have any growth or target information.

"D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.

"E" indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

### API Changes by Student Group - Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2005-06	2006-07	2007-08	2008
All Students at the School	5	-22	3	851
African American				N/A
American Indian or Alaska Native				N/A
Asian				N/A
Filipino				N/A

Hispanic or Latino				N/A
Pacific Islander				N/A
White (not Hispanic)	36	-20	32	927
Socioeconomically Disadvantaged				N/A
English Learners				N/A
Students with Disabilities				N/A

"N/A" means a number is not applicable or not available due to missing data.

"\*\*" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

"A" means the school or subgroups scored at or above the statewide performance target of 800 in 2008.

"B" means the school did not have a valid 2007 Base API and will not have any growth or target information.

"C" means the school had significant demographic changes and will not have any growth or target information.

"D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.

"E" indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

## Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the [AYP](#) Web page.

## AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District

Participation Rate - English-Language Arts	Yes	No
Participation Rate - Mathematics	Yes	No
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes

## Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the [AYP](#) Web page.

### Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The PAUSD provides ongoing professional development and professional growth opportunities to all staff. All teachers and classified staff participate in three district-wide staff development days each year. The content for these sessions is informed by the PAUSD Strategic Goals that encompass student achievement, closing the achievement gap, and meeting the academic, social, emotional, and physical needs of all students, and providing multiple pathways for students to demonstrate success. Additional workshops on these topics, multimedia and technology are offered throughout the year, at the District and school sites. Reading specialists, special education teachers, school psychologists, speech therapists, EL teachers, and other non-classroom personnel are included and also receive additional training in their areas of expertise. Study groups, Lesson Study teams, and peer coaching involve small teams of teachers at specific grade levels or within content areas who work together on a cycle of inquiry and preparation for National Board Certification. New teachers to PAUSD, including those who qualify for the BTSA Induction Program, receive monthly professional development that includes curriculum, instruction, assessment, and special workshops on specific students' needs. In addition, BTSA participants receive formative assessment and one-to-one coaching.

During the summer, weeklong professional development is offered in curriculum, instruction, technology, and leadership. Reading, writing, art and math professional development laboratory schools provide two and four-week opportunities for intensive training combined with coaching and reflective practice. Summer curriculum-development teams produce curriculum to later be used by the entire teacher community.
