

School Accountability Report Card Reported for School Year 2007-08 Published During 2008-09

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available at the [SARC](#) Web site. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

[DataQuest](#) is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2007-08)

This section provides information about the school's goals and programs.

Palo Verde Elementary School has 370 students, kindergarten through fifth grade, from an area formerly served by five elementary schools. The school neighborhood is bounded by Highway 101 on the east, Middlefield Road on the west, Oregon Expressway on the north, and Charleston Road on the south. Approximately 8% of our students come from other areas in Palo Alto and 7% from outside the district, including voluntary transfers from Ravenswood School District.

The ethnic composition of the school is 3% African-American, 34% Asian, 47% Caucasian, 11% Hispanic, and 5% other. The area encompasses a social, economic, cultural, linguistic, and ethnic diversity that is valued by the school community. Twenty-four different languages are spoken in students' homes. (The most common foreign languages are Russian, Korean, Japanese, and Spanish.) Fourteen percent of the students are classified as Limited-English proficient.

Over half of Palo Verde parents are engaged in professional, technical or managerial employment, and the balance are engaged in trades and services. Although the majority of families are homeowners, a sizable number of students live in rental properties, including apartments.

Palo Verde has a positive and supportive learning environment with clear and consistent standards for behavior. Through the cooperative learning environment, the school helps students develop leadership responsibilities, problem solving, and teamwork skills necessary to be successful and productive members of the larger community.

Palo Verde maintains a staggered schedule for small group literacy instruction in grades 1-3, four days each week.

Class size reduction has been implemented in kindergarten, first, second and third grades with a maximum class size of 20 per room. Fourth and fifth grades average 22 students per classroom. Average daily attendance exceeds 95%.

Mission Statement

We believe that mastering academic skills, engaging in cooperative problem-solving, enjoying and participating in the arts, applying human relations skills, and increasing physical skills, strength, and endurance in a safe, supportive environment are vital to the full development of each child.

Palo Verde staff, parents, and students are working together to develop minds, build skills, enrich experiences, increase strength, solve problems, expand horizons, and encourage caring and responsible relationships.

Opportunities for Parental Involvement (School Year 2007-08)

This section provides information about opportunities for parents to become involved with school activities.

At Palo Verde, we feel that parents are their children's first and most important teachers. Parents volunteer thousands of hours per year at the school. We encourage parents to become involved at school in whatever way is best for them: assisting in classrooms, the library, the garden, fundraising, technology, and providing assistance to teachers. Many provide enrichment activities through sharing aspects of their culture or professional expertise. Parents plan and carry out a host of school activities, such as the Science Fair, Book Fairs, Noon Art, Harvest Fair, Pancake Breakfast, International Fair, and annual ice skating party.

Many parents belong to the Parent Teacher Association (PTA), which coordinates volunteer activities benefiting school children under the guidelines of the National, State, and Local PTA. The PTA also produces and distributes our school newsletter, the VOICE. Parents also serve on various district and community committees. Four parents are members of our school Site Council, an elected group that helps develop the school plan and yearly goals.

Palo Verde students benefit from a schoolwide learning environment characterized by safe conditions; positive, enjoyable relationships; and engaging, productive activities. This environment reflects faculty/staff and parent-participation dynamics which are exceptionally caring and collaborative, with a focus on learning and growth for all children.

III. School Climate

School Safety Plan (School Year 2007-08)

This section provides information about the school's comprehensive safety plan.

Palo Verde School rules are based on respect for ourselves and others, personal safety, and responsible behavior. Specific guidelines are provided to students during the first week of school and in the Palo Verde Handbook. The playground is supervised by staff for 15 minutes before school. Teachers also supervise during recess and four noon supervisors supervise play during lunch.

The PTA Traffic Safety Officer is responsible for providing safety information to parents and students. Third grade children participate in a bicycle safety program presented annually by the Palo Alto Fire Department.

Earthquake preparedness is a priority at Palo Verde and we have a comprehensive disaster plan and the PTA stores emergency equipment and supplies on campus. We provide ongoing staff training for First Aid and CPR. We also have regular earthquake and fire drills as part of our emergency preparedness.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

IV. School Facilities

Facility Conditions and Planned Improvements (School Year 2008-09)

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

Safety, cleanliness, and adequacy of school facilities. EC Sec. 33126 (b)(9)

Safe, orderly schools are the highest priority of the Palo Alto Unified School District. Schools maintain and enforce a policy of required registration and identification at the main office. All visitors must register and receive approval before visiting any classroom or activity during the school day. District personnel, contractors and maintenance crews are required to wear identification badges while working on any campus throughout the district.

The District has established a Preventive Maintenance Team that will visit each campus on an assigned schedule repairing and maintaining facilities in readiness conducive to teaching and learning. ***In addition, the District provides a work order system for ongoing maintenance that tracks requests, supplies and assigned time spent on any routine repair.*** A Custodial Supervisor who monitors the cleaning of all sites visits both during the day as well as the evening, providing custodians with support and emphasizing the importance of providing and maintaining a clean facility for learning.

Each school has a Safety Plan and clearly stated expectations for student behavior. Safety Plans are updated and reviewed annually. The District has a strictly enforced anti-discrimination policy that prohibits harassment of students or staff based upon race, gender, disability, religion or sexual orientation. The School Board maintains a zero tolerance policy for violent or threatening behaviors, and is committed to prevention of harmful behaviors. Students are provided with opportunities to build positive relationships to help create a more supportive school community.

The Palo Verde Elementary School main campus was originally constructed in 1953. The buildings on campus have been renovated and added to over the years with a multi-purpose room added in 1955. The latest modernization

occurring in 2004 as part of the Building for Excellence Program. This modernization program included seismic and ADA accessibility improvements, as well as updating the classroom environment. New technology upgrades included computer workstations and increased electrical capacity within the classrooms. Energy upgrades included new heating systems and lighting in the classrooms. The 2004 modernization included construction of a new library and classroom.

The campus now has a new library facility as part of the Building for Excellence Program. The library facility has reading and resource areas for students, as well as new computer workstations. The library has a credentialed librarian assigned, with equipment, which provides for on line services, Internet and Intranet connections and a multimedia presentation station.

The Multipurpose room is **fifty-one years old**, and is slated for reconstruction in the future.

Modernization on campus in 2004 included a new playground equipment structure and the resurfacing of hardcourt and play surfaces. The buildings were also re-roofed and painted in 2004 as part of the renovation.

The District staff has been working with site personnel to identify additional needs at all of the campuses as input to the District's Capital Improvement Plan. This plan will detail proposed repair/replace projects over the next twenty years with a priority for health and safety issues and begin to identify funding sources.

As of **August 2008** none of the emergency facility needs specified in Education Code Section 17592.72 (1. Gas leaks; 2. Non-functioning heating, ventilation, fire sprinklers, or air-conditioning systems; 3. Electrical power failure; 4. Major sewer stoppage; 5. Major pest or vermin infestation; 6. Broken windows or exterior doors or gates that will not lock and pose a security risk; 7. Abatement of hazardous materials previously undiscovered that poses an immediate threat to pupil or staff; and 8. Structural damage creating a hazardous or uninhabitable condition) are required at this school site. **A copy of the Interim Evaluation Instrument used to verify Education Code Section 17592.72 deficiencies is on file in the Facilities Office for review.**

The Palo Verde Elementary School campus is safe, well maintained and clean, with a custodial staff assigned for 16 hours daily.

V. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found at the [DataQuest](#) Web site.

Teachers	School			District
	2005-06	2006-07	2007-08	2007-08
With Full Credential	23	24	24	737
Without Full Credential	0	0	0	8

Misassignments of Teachers of English Learners	5	1	3
Total Teacher Misassignments	5	1	3
Vacant Teacher Positions	0	0	0

Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2006-07)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers at the school, at all schools in the district, at high-poverty schools in the district, and at low-poverty schools in the district. More information on teacher qualifications required under NCLB can be found at the [NCLB](#) Web site.

Location of Classes	Percent of Classes in Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers
This School	100.0	0.0
All Schools in District	97.1	2.9
High-Poverty Schools in District		
Low-Poverty Schools in District	97.0	3.0

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2007-08)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor		
Library Media Teacher (Librarian)		N/A
Library Media Services Staff (paraprofessional)	1.0	N/A
Psychologist		N/A
Social Worker		N/A
Nurse		N/A
Speech/Language/Hearing Specialist		N/A
Resource Specialist (non-teaching)		N/A
Other		N/A

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2008-09)

The Board of Education has made a determination that each pupil in each school in the District has, or will have prior to the end of the fiscal year, sufficient textbooks or instructional materials, or both, in each subject, and these materials, in each subject, are consistent with the content and cycles of the curriculum framework adopted by the State Board. PASSED AND ADOPTED by the Board of Education of Palo Alto Unified School District this 25th day of September, 2007.

Additional information is available from the PAUSD Educational Services Department at (650) 329-3709.

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2006-07)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found at the [Current Expense of Education](#) Web page and teacher salaries can be found on the [Certificated Salaries and Benefits](#) Web page.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental)	Expenditures Per Pupil (Basic)	Average Teacher Salary
School Site	\$7973	\$851	\$7122	\$76830
District	N/A	N/A	\$7809	\$78799
Percent Difference - School Site and District	N/A	N/A	-8.8%	-2.5%
State	N/A	N/A	\$5300	\$63458
Percent Difference - School Site and State	N/A	N/A	34.4%	21.1%

Types of Services Funded (Fiscal Year 2007-08)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

Each year each school develops a Single Plan for Student Achievement (SPSA). This plan is available at the school site. The SPSA is developed by the School Site Council and is presented to the Board of Education for approval during a fall Board Work Session. This plan provides the budget detail on the uses of the site's categorical funds. The SPSA also describes the overall categorical funding received by the District in dollar amounts and the types of services funded. Most categorical programs are centrally funded and not within an individual school's budget. The notable exceptions are the state-funded School and Library Improvement Block Grant, which is allocated to each school on a per pupil basis, and the federally-funded Title I Assistance Program, which is provided for identified students in PAUSD's elementary schools with the highest concentrations of low income families.

The District also publishes an annual Budget Book, typically running over 400 pages, which details all District expenditures, General and Categorical, by school and by department. The 2008-09 Budget was adopted by the Board of Education on June 24, 2008. The Budget Book is available through Business Services at the District Office and on the PAUSD Website (www.pausd.org/community/about_pausd).

Teacher and Administrative Salaries (Fiscal Year 2006-07)

This table displays district-level salary information for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size. Detailed information regarding salaries may be found on the [Certificated Salaries and Benefits](#) Web page.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$48944	\$39708
Mid-Range Teacher Salary	\$77915	\$63805
Highest Teacher Salary	\$98835	\$82081
Average Principal Salary (Elementary)	\$127648	\$102166
Average Principal Salary (Middle)	\$138563	\$107816
Average Principal Salary (High)	\$145002	\$116474
Superintendent Salary	\$267342	\$183478
Percent of Budget for Teacher Salaries	41.6 %	40.6 %
Percent of Budget for Administrative Salaries	5.5 %	5.2 %

IX. Student Performance

California Standards Tests

The California Standards Tests (CSTs) show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades 2 through 11; science in grades 5, 8, and 9 through 11; and history-social science in grades 8, and 10 through 11. Student scores are reported as performance levels. Detailed information regarding CST results for each grade and performance level, including the percent of students not tested, can be found on the [Standardized Testing and Reporting \(STAR\) Results](#) Web page.

CST Results for All Students - Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

CST Results by Student Group - Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
African American	*	*	*	No test at K-5

**Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

California Physical Fitness Test Results (School Year 2007-08)

The California Physical Fitness Test is administered to students in grades 5, 7, and 9 only. This table displays by grade level the percent of students meeting the healthy fitness zone on all six fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the [Physical Fitness Testing](#) Web page.

Grade Level	Percent of Students Meeting Healthy Fitness Zones
5	34.80
7	N/A
9	N/A

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the [API](#) Web page.

API Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. These ranks are published when the Base API is released each March. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest 10 percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest 10 percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing 10 schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2005	2006	2007
Statewide	10	10	10
Similar Schools	9	6	5

"N/A" means a number is not applicable or not available due to missing data.

"*" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

"A" means the school or subgroups scored at or above the statewide performance target of 800 in 2008.

"B" 6048359

"C" means the school had significant demographic changes and will not have any growth or target information.

"D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.

"E" indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

API Changes by Student Group - Three-Year Comparison

This table displays by student group the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2005-06	2006-07	2007-08	2008
All Students at the School	2	7	-2	917
African American				N/A
American Indian or Alaska Native				N/A
Asian	26	-7	9	986
Filipino				N/A
Hispanic or Latino				N/A
Pacific Islander				N/A
White (not Hispanic)	8	-5	5	945
Socioeconomically Disadvantaged				N/A
English Learners				N/A
Students with Disabilities				N/A

"N/A" means a number is not applicable or not available due to missing data.

"**" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2007 or 2008. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

"A" means the school or subgroups scored at or above the statewide performance target of 800 in 2008.

"B" means the school did not have a valid 2007 Base API and will not have any growth or target information.

"C" means the school had significant demographic changes and will not have any growth or target information.

"D" means this is either an LEA, an Alternative Schools Accountability Model (ASAM) school, or a special education school. Target information is not applicable to LEAs, ASAM schools, or special education schools.

"E" indicates this school was an ASAM school in the 2007 Base API Report and has no target information even though the school is no longer an ASAM school.

Adequate Yearly Progress

The federal NCLB act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in English-language arts (ELA) and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the [AYP](#) Web page.

AYP Overall and by Criteria (School Year 2007-08)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	No
Participation Rate - English-Language Arts	Yes	No
Participation Rate - Mathematics	Yes	No
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	N/A	Yes

Federal Intervention Program (School Year 2008-09)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the [AYP](#) Web page.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

The PAUSD provides ongoing professional development and professional growth opportunities to all staff. All teachers and classified staff participate in three district-wide staff development days each year. The content for these sessions is informed by the PAUSD Strategic Goals that encompass student achievement, closing the achievement gap, and meeting the academic, social, emotional, and physical needs of all students, and providing multiple pathways for students to demonstrate success. Additional workshops on these topics, multimedia and technology are offered throughout the year, at the District and school sites. Reading specialists, special education teachers, school psychologists, speech therapists, EL teachers, and other non-classroom personnel are included and also receive additional training in their areas of expertise. Study groups, Lesson Study teams, and peer coaching involve small teams of teachers at specific grade levels or within content areas who work together on a cycle of inquiry and preparation for National Board Certification. New teachers to PAUSD, including those who qualify for the BTSA Induction Program, receive monthly professional development that includes curriculum, instruction, assessment, and special workshops on specific students' needs. In addition, BTSA participants receive formative assessment and one-to-one coaching.

During the summer, weeklong professional development is offered in curriculum, instruction, technology, and leadership. Reading, writing, art and math professional development laboratory schools provide two and four-week opportunities for intensive training combined with coaching and reflective practice. Summer curriculum-development teams produce curriculum to later be used by the entire teacher community.
